

## **Hello Y Aquatics Friends,**

**Our pool is still not open at this time, but we are doing everything we can to get it back up and running! The latest news we've received is that the chlorinator will be SHIPPED the week of 09/13/21 – 09/17/21.**

**After that we'll need to wait for it to be delivered, then we can install it and open up the pool. We'll keep you posted! In the meantime, the Y will continue to reimburse our Y members for the daily \$5 fee at the city pool. Save those receipts and, when we are up and running, please submit them to our membership services director, Michael Specht, and he will process them. THANK YOU for your understanding and patience!**

**Text "YAQUATICS" to 84483 FOR POOL STATUS UPDATES**

### **While You Wait:**

**The City of Santa Maria has a fabulous reservation system you can use directly (see link on home page). IF YOU KEEP AND SUBMIT YOUR RECEIPTS WHEN THE Y POOL OPENS BACK UP WE WILL REIUMBURSE YOU FOR YOUR TIME THERE. This is limited to current Y members and \$5 a day maximum. We're grateful for our City collaborations and delighted that you have another option for the next couple of weeks. The Paul Nelson Aquatic Center's main entrance is currently closed for maintenance. Please use the entrance doors located on the south side of the building. Masks are required when passing through the Maldonado Youth Center/Lobby. Masks are not required outdoors on the pool deck.**
